Classroom Manager

Supports effective teaching and learning in the modern, digital classroom.

About Smoothwall **Classroom Manager**

Smoothwall Classroom Manager gives teachers the visibility and control they need to manage technology in the classroom, without adding complexity.

See what students are doing, guide them to the right resources and manage access when needed, to help keep them focussed, learning and safe.

Features & benefits

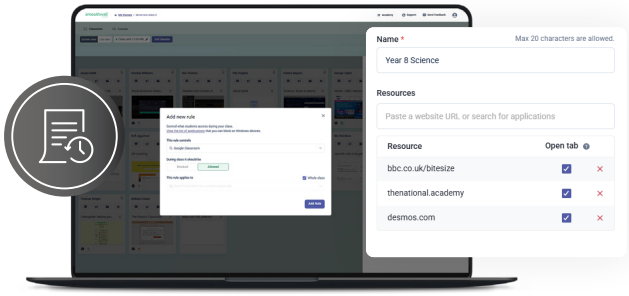

Minimise distractions, maximise learning:

- ✓ **Real time visibility**
  The dashboard gives teachers live visibility of all student screens across Chromebook, Windows and Mac devices. Quickly spot off-task activity and redirect focus when needed.
- ✓ **Reduced reliance on IT**
  Teachers can block or unblock sites easily before or during the class without relying on IT staff or overriding school-wide filtering policies.
- ✓ **Send instant announcements**
  Quickly regain students' attention by pausing internet access for an individual, group or the whole class with a single click.

Features & benefits

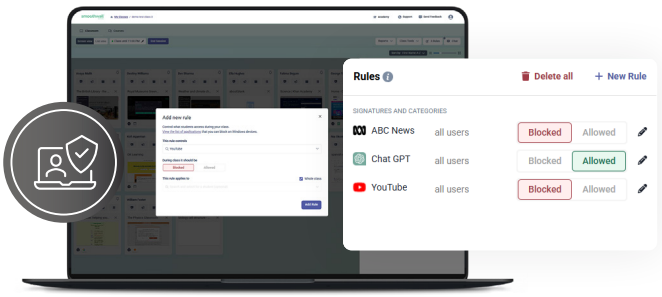

Extend safeguarding protection:

- ✓ **Built-in Filter integration**
  Extend your school's filtering policies into the classroom. Teachers can block access to specific ites or allow access to sites that are otherwise restricted, without overriding your school's key Filter policies.
- ✓ **Robust reporting**
  Gain insight into students' online behaviour in the classroom. View screenshots of activity, generate detailed history reports, and spot patterns over time.
- ✓ **Protected learning**
  Give teachers the freedom to use websites and online resources that support learning, whilst maintaining safeguarding protection.

Keep students focused:

- ✓ **Create lesson plans**
  Focus students on lesson-related content by creating lesson plans and pre-selecting the specific apps or sites they need.
- ✓ **Pause online access**
  Quickly regain students' attention by pausing online access for an individual, group or the whole class with a single click.
- ✓ **Launch breakout sessions**
  Create classroom sessions on the fly for breakout groups, independent work, exams, studying, and more.

Give teachers control and flexibility:

- ✓ **Adapt access for the lesson**
  Give teachers the flexibility to manage access to the websites and resources students need, depending on the topic, activity or lesson taking place.
- ✓ **Reward positive behaviour**
  Recognise positive online behaviour by rewarding students with temporary access to content such as games or streaming sites.
- ✓ **Understand student activity**
  View screenshots of activity, generate detailed history reports, and spot trends in students' online behaviour over time.
