About Smoothwall **Classroom Manager**

Smoothwall Classroom Manager is a powerful tool which gives teachers the visibility and control they need to manage technology in the classroom, without adding complexity.

Real-time visibility and intuitive controls allow teachers to see what students are doing, protect them from distractions and harmful content, and manage access when needed, helping to keep safe, focussed and learning.

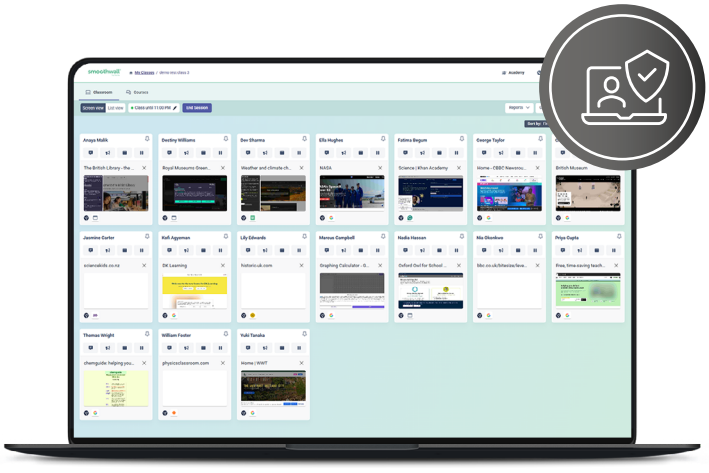

keeping children safe, focussed & learning

Smoothwall Classroom Manager features & benefits

Minimise distractions, maximise learning:

- ✓ **Real-time visibility**
  The dashboard gives teachers live visibility of all student screens across Chromebook, Windows and Mac devices. Quickly spot off-task activity and redirect focus when needed.
- ✓ **Close inappropriate tabs**
  Quickly close distracting or inappropriate tabs to get students back on task.
- ✓ **Instant announcements**
  Send instant on-screen announcements to the whole class or an individual, to help keep learning on track without disrupting the lesson.

harnessing the power of connection

Keep students focused:

- ✓ **Create lesson plans**
  Focus students on lesson-related content by creating lesson plans and pre-selecting the specific apps or sites they need.
- ✓ **Pause online access**
  Quickly regain students' attention by pausing online access for an individual, group or the whole class with a single click.
- ✓ **Launch breakout sessions**
  Create classroom sessions on the fly for breakout groups, independent work, exams, studying, and more..

Linewize Classroom Manager features & benefits

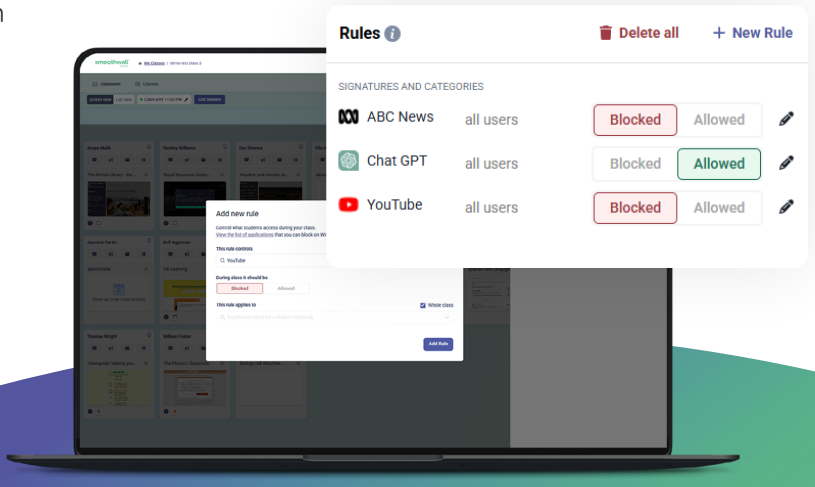

Give teachers control and flexibility:

- ✓ **Adapt access for the lesson**
  Give teachers the flexibility to manage access to the websites and resources students need, depending on the topic, activity or lesson taking place.

- ✓ **Reward positive behaviour**
  Recognise positive classroom behaviour by rewarding students with temporary access to content such as games or streaming sites.

- ✓ **Understand student activity**
  Gain insight into students' online behaviour in the classroom. View screenshots of activity, generate detailed history reports, and spot trends over time.

> Our classroom management tool has been a huge success in our classrooms. Teachers can be more proactive and control what students are doing on their Chromebooks. It has been a huge win for us."

Smoothwall Classroom Manager's role in our Digital Safety and Wellbeing Framework

About our Framework

Our Digital Safety and Wellbeing Framework enables school leaders to explore our solutions as they apply to the three most common pillars found in health and safety planning:

1. Prevention 2. Early detection 3. Education.

Schools can use this, supported by our Smoothwall team, to identify their priorities and plan the steps needed to achieve a more efficient and robust provision of care.

Our Framework is also a useful way for school leaders to keep abreast of the types of solutions available to them in the market. It also helps them to better understand the role each of them plays and how they combine to build a digital wellbeing culture across the whole community.

none of us is as powerful as all of us

The role of Smoothwall Classroom Manager

Smoothwall Classroom Manager sits in the Prevention & Enablement part of our Framework.

It protects students from seeing inappropriate or harmful content while giving teachers the tools to minimise distractions and provide rich and immersive digital learning experiences.

Smoothwall Classroom Manager is a vital component in a proactive, digital safety and wellbeing provision.
